Dear Mr Haythornthwaite,

I am writing to you on behalf of Long Live Southbank members and supporters. Thank you for your statement published 5th February and your letter received later that day.

We would like to confirm that, subject to whichever dates are suggested, Simon Ricketts and Paul Richards will attend the meeting you propose. Names of LLSB members who wish to attend will be given to you once the format and date of the meeting is confirmed.

Simon has written to Matthew White asking for confirmation that the unilateral undertaking threatening closure of the undercroft is to be withdrawn as well as the Centre's challenge to the Council's designation of the undercroft as an asset of community value. It is assumed that this follows from what you said in your statement, but could you please confirm this?

Kind regards,

S Blayney
